# IT'S SAID THAT TIME ... IS GOLD

In our case time is much more than that. Details, dedication, exclusivity and the doorway to handcraft. To handmade art. Piece by piece. Since 1952, time has taught us if you treat it unhurriedly, like we do since more than sixty years ago, results are brilliant like gold itself. Gold used by the most exclusive door hardware collection TREASURE by Mestre, made of bronze and Swarovski crystals.

*Skills as heritage of a timeless knowledge...*

*... result in unique artistic bronze fittings.*

A close-up photograph of a white window frame with a frosted glass pane. The frame has a multi-layered, decorative profile. The background is a light-colored wall with a faint, recessed rectangular panel design.

Details which make the difference between  
good products and...

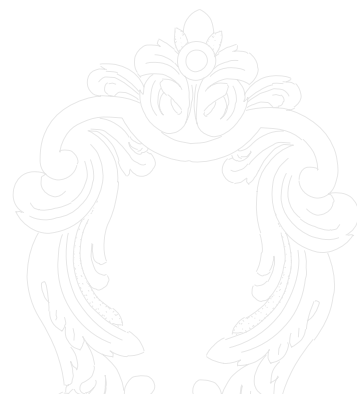

**... a real treasure.**
